

FERRELLGAS IS PROUD TO PARTNER WITH CETA!

Ferrellgas is much more than a nationwide propane company celebrating its 80th anniversary in 2019. We also understand the significant responsibility we have to give to the communities we serve and to the causes that inspire us.

That's why we're so excited to partner with the Cleaning Equipment Trade Association to offer preferred pricing to members.

Ferrellgas offers industry-leading cylinder exchange and bulk fill programs. Cylinder exchange customers enjoy having ready-to-use propane cylinders delivered directly to cages at their business. Bulk propane customers enjoy the comfort and convenience of a larger tank that can fuel multiple uses. Give us a call today to discuss the option that's right for you.*

FERRELLGAS WILL DONATE A PORTION OF ALL PROCEEDS TO THE CETA EDUCATION FOUNDATION SCHOLARSHIP PROGRAM.

Use propane at home? Be sure to ask us about preferred residential propane pricing for CETA members!
