

CETA Scholarship Foundation

“GREAT FUTURES”

Scholarship Program

Without the generous support of our Great Futures Scholarship sponsors and other donations made by Member companies and individuals, the CETA Scholarship Foundation would not have been able to help support the education of deserving students over the past 24 years. Please consider joining us in helping educate the future of our industry.

I, _____, would be proud to participate in the **CETA Scholarship Foundation “Great Futures” Scholarship Program** as detailed below. I understand scholarships are awarded based on the ranking of each applicant supplied by an accredited university, and I cannot designate a membership class or a student to be awarded my sponsored scholarship.

Scholarship Selection Guidelines:

It is the goal of the Scholarship Foundation to award two (3), \$2,000 scholarships in each CETA membership class (manufacturers, suppliers, and distributors). In the absence of a qualifying applicant in a membership class, the Scholarship Foundation will award a scholarship “At Large” to the remaining applicant with the highest ranking, regardless of the membership class. The Scholarship Foundation, to maximize scholarship distribution among the membership, may at their discretion, award the At Large scholarship to the remaining highest-ranking applicant in a manner that restricts award to one per company per year.

“Great Futures” Scholarship Commitment

Commitment Amount: _____

Invoice will be sent to the contact listed below, due upon receipt.

Payment options will be on the invoice.

Sponsored Scholarship Name: _____

(Company or Individual)

Contact Name: _____
