"Wow! I am truly grateful for the CETA Scholarship Foundation. My second year at Texas A&M has made student loans more real to me. Because of this scholarship, I am able to focus more on my studies and less on my finances. I am excited to start my junior year and work hard to earn my Aggie Ring!"

"Winning the CETA scholarship will help me go to a great school without having to worry as much about the cost of tuition. I can proudly say that this scholarship along with my academic scholarship has afforded me the opportunity to attend California Baptist University. I will double major in Criminal Justice and Theology. This education will allow me to pursue my career in law enforcement. The CETA organization should be commended for their generous donations to students of participating members. This scholarship allows me to become the first of my siblings and parents to pursue a degree from a top tier university. I am thankful and blessed to have been elected a winner. I want to thank all the members of CETA for this generous donation. A special shout out to my Grandparents, Mike and Robin Ricketts, at Hotsy of Southern California, for giving me the opportunity to reach my goals. I could not have done it without all your love, support, and sacrifice."
