"This scholarship is a tremendous blessing that has helped me cover tuition costs during my first year at UW-Madison as I work toward my dream of becoming a pharmacist. Your investment in my education has allowed me to focus on excelling in my studies and preparing for pharmacy school. Having completed my first year, I am beyond grateful for this opportunity and remain committed to honoring your support through my dedication to the field of pharmacy."

“Thank you so much for honoring me with a CETA Scholarship! Earning this scholarship for the third year means that a large portion of the financial burden that post-secondary education creates has been taken off of both mine and my parents’ shoulders. Thanks to the generous donors at CETA, I am able to devote all the time that I need to my academics instead of having to work a full time job during the school year on top of my rigorous studies.”

“I am so grateful to receive this scholarship as it helps me pursue my dreams of becoming a history teacher. The CETA is so generous in giving the money and it’s a huge help for my freshman year. I am so passionate about history and my faith and being able to attend Franciscan University is the greatest blessing of all. Thank You CETA for your help in this dream. I’m so glad that I was able to be a part of this opportunity and now I can go on to a college that felt out of reach.”
