

FEATURED OSHA SESSION

POWERCLEAN 2026

POWER CLEANING SAFETY

POWERCLEAN 2026 WELCOMES

AMY E. WILSON

MPH, CIH

OSHA Compliance Assistance Specialist

OSHA'S PERSPECTIVE ON THE FUTURE OF WORKPLACE SAFETY IN THE POWER CLEANING INDUSTRY

SUNDAY, OCTOBER 11, 2026

9:30-10:25 AM • WEKIWA

EXPERIENCE AND INSIGHT FOR SAFER WORKPLACES

CETA is pleased to welcome Amy E. Wilson of the Occupational Safety and Health Administration for a timely, forward-looking session focused on workplace safety in the power cleaning industry. With nearly 30 years of safety and health experience, Amy brings a wealth of practical knowledge, regulatory insight and compliance-assistance resources to help employers strengthen safety programs and better protect their teams.

ABOUT AMY

A Certified Industrial Hygienist with a master's degree in public health, Amy joined OSHA in 2000. Her career has included field inspection, enforcement and regional coordination roles. Today, she provides outreach and training from OSHA's Orlando Area Office, with expertise in industrial hygiene, hazard communication, process safety management, emergency response and HAZWOPER.
